Dr. and Mrs. Alva B. Langston sailed Tuesday from New York city for Rio Janeiro, Brazil, South America, where Dr. Langston will take the chair of theology in the Baptist college. The school law of this state requires every teacher in a public school of any kind to have a certificate to teach. The state superintendent of education has recently called attention to the law, and a circular letter calling particular attention to this requirement has recently been sent by the high school inspector to the principal of every state aided high school. Notwithstanding all these, dozens of teachers in these schools throughout the state are yet without certificates. Most of them are depending upon their diplomas. A diploma does not entitle the holder to teach; a diploma from an accredited college gives the right to a certificate to teach. Some of these schools are going to find themselves embarrassed, since no money whatever will be sent to any of these schools until every teacher in it has a valid certificate.

Do You Get Up

With a Lame Back?

Kidney Trouble Makes You Miserable.

Almost everyone knows of Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, because of its remarkable health restoring properties. Swamp-Root fulfills almost every wish in overcoming rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night.

Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble, it will be found just the remedy you need. It has been thoroughly tested in private practice, and has proved so successful that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Home of Swamp-Root, Binghamton, N. Y. The regular are sold by one-dollar-size bottles are sold by all druggists. Don't make any mistake but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Rev. J. B. Travick of Aiken made a record Sunday for conducting services. He conducted five religious services, which he thinks is pretty good for a young (he is only 64) man. At 10 a. m., he conducted a Bible class at the Methodist church; at 11 a. m., he preached at the Methodist church; at 2.30 he preached to the prisoners at the county jail; at 5 p. m., he preached at Montmorenci to a large congregation, and at 8 p. m., he again preached at the Methodist church in Aiken.

When cold becomes settled in the system, it will take several days' treatment to cure it, and the best remedy to use is Chamberlain's Cough Remedy. It will cure quicker than any other, and also leaves the system in a natural and healthy condition. Sold by all Dealers.

In the court of sessions at Spartanburg Will Whitmire a small colored boy, who several months ago, killed another colored boy by hitting him in the head with a rock, was found not guilty at the request of the solicitor. It was shown that the boys were playing together, throwing rocks and Whitmire struck young Cooper in the head, inflicting a wound that caused his death. There was no malice and the solicitor consented to a verdict of not guilty.

William Welch, formerly of Newberry, but for some time a resident of Washington, has just completed the painting of a handsome life size picture of Secretary of war Jacob M. Dickinson. It was delivered this week, and is now in the secretary's office at the war department. The work shows unmistakable genius on the part of Mr. Welch and his friends and relatives in South Carolina will no doubt be glad to know that he has made a success of his undertaking. It is understood that Mr. Dickinson will have the picture taken to his home in Washington, as there are few such large ones in the war department at this time.

Dr. Pierce's Favorite Prescription

Is the best of all medicines for the cure of diseases, disorders and weaknesses peculiar to women. It is the only preparation of its kind devised by a regularly graduated physician—an experienced and skilled specialist in the diseases of women.

It is a safe medicine in any condition of the system. THE ONE REMEDY which contains no alcohol and no injurious habit-forming drugs and which creates no craving for such stimulants.

THE ONE REMEDY so good that its makers are not afraid to print its every ingredient on each outside bottle wrapper and attest to the truthfulness of the same under oath.

It is sold by medicine dealers everywhere, and any dealer who hasn't it can get it. Don't take a substitute of unknown composition for this medicine of known composition. No counterfeit is as good as the genuine and the druggist who says something else is "just as good as Dr. Pierce's" is either mistaken or is trying to deceive you for his own selfish benefit. Such a man is not to be trusted. He is trifling with your most priceless possession—your health—may be your life itself. See that you get what you ask for.

Mr Fletcher Davis, a whiskey drummer in the employ of the North State Distilling company, was convicted at Laurens of soliciting whiskey orders in the city. The motion for a new trial will be heard later, pending which sentence has not been passed. It will be recalled that Davis was in Laurens some time ago handing out circulars and order blanks. His attorneys, Cannon & Backwell argued that the act prohibiting this was unconstitutional in that it conflicted with the interstate commerce law on the subject. They held that their client was simply advertising his goods.
